Christian Mission Edward L. Smither, 2019-03-06 A deeper understanding of the grand history of mission leads to a faithful expression of God's mission today. From the beginning, God's mission has been carried out by people sent around the world. From Abraham to Jesus, the thread that weaves its way throughout Scripture is a God who sends his people across the world, proclaiming his kingdom. As the world has evolved, Christian mission continues to be a foundational tradition in the church. In this one-volume textbook, Edward Smither weaves together a comprehensive history of Christian mission, from the apostles to the modern church. In each era, he focuses on the people sent by God to the ends of the earth, while also describing the cultural context they encountered. Smither highlights the continuity and development across thousands of years of global mission.

Western Christians in Global Mission Paul Borthwick, 2012-10-03 Missions specialist Paul Borthwick brings an urgent report on how the Western church can best continue in global mission. Providing current analysis of the state of the world and Majority World opinion, Borthwick offers concrete advice for Western churches who want to avoid the pitfalls of colonialism.

Christian Mission in the Modern World John Stott, Christopher J. H. Wright, 2015-11-05 Newly updated and expanded by Christopher J. H. Wright, John Stott's classic book presents an enduring and holistic view of Christian mission that must encompass both evangelism and social action. Through a thorough biblical exploration, Stott provides a biblically based approach to mission that addresses both spiritual and physical needs.

The Dynamics of Christian Mission Paul Everett Pierson, 2009 In this text, Paul E. Pierson, Dean Emeritus of the School of Intercultural Studies at Fuller Theological Seminary, guides the reader through a missiological view of history from

Christ to the present. Pierson particularly highlights the contexts by which the biblical faith moved into new and different cultures. Today, the Christian faith, is the most geographically and culturally diverse worldwide movement that exists. Paul E. Pierson's book illuminates how this amazing fact has come about and how the trend will continue. Christian Mission Dana L. Robert,2011-09-09 CHRISTIAN MISSION “Dana Robert distils a quarter of a century of her research into an erudite and accessible single-volume account of how Christianity became the largest religious tradition in the world. There is no better place for any reader to start becoming informed about this important subject.” David Hempton, Harvard University “Remarkable for the range and depth of the material Robert is able to pack into so short a book. Reliable and readable, it is especially valuable for its treatment of the relation between western and non-western missionary activity.” David A. Hollinger, University of California, Berkeley “Dana Robert’s richly textured book shows us that the history of Christian missions is far from being merely a European colonial story, and will be immensely valuable to students and general readers who are concerned to uncover the historical roots of Christianity’s current status as a truly global faith.” Brian Stanley, University of Edinburgh The Gospels record that Christ commanded his disciples to “go forth and teach all nations.” Thus began the history of Christian mission, a phenomenon which brought about massive shifts in the nature and practice of Christianity, and one that many say reflects the single most important movement of intercultural encounter over a sustained period of human history. To understand Christianity as a global movement, therefore, it is essential to study the role of mission – defined as the transmission of the Gospel across cultures. Erudite and enlightening, this brief book explores the 2,000 years of mission history, covering topics such as the meaning of the missionary through history, gender and missions, and missions in culture and politics. Given that in the twenty-first century, Christianity is now largely practiced outside the West, Christian Mission is an inspirational and invaluable resource to broaden our understanding of the nature of Christianity as a truly multi-cultural world religion.

Christian Mission Dana L. Robert,2009-03-09 Exploring how Christianity became a world religion, this brief history examines Christian missions and their relationship to the current globalization of Christianity. A short and enlightening history of Christian missions: a phenomenon that many say reflects the single most important intercultural movement over a sustained period of human history Offers a thematic overview that takes into account the political, cultural, social, and

theological issues Discusses the significance of missions to the globalization of Christianity, and broadens our understanding of Christianity as a multicultural world religion Helps Western audiences understand the meaning of mission as a historical process Contains several new maps that illustrate demographic shifts in world Christianity

Introducing Christian Mission Today Michael W. Goheen, 2014-07-14 Michael Goheen gives us a full-scale introduction to mission studies today in its biblical, theological and historical dimensions. Goheen covers the full horizon of major issues in mission, including its global, urban and holistic contexts. This text shows how the missional church encounters the pluralism of Western culture and global religions.

The Future of Christian Mission in India Augustine Kanjamala SVD, 2014-08-21 Colonial missionaries, both Catholic and Protestant, arrived in India with the grandiose vision of converting the pagans because, like St. Peter (Acts 4:12) and most of the church fathers, they honestly believed that there is no salvation outside the church (*extra ecclesiam nulla salus*). At the end of the great Protestant century, however, Christians made up less than 3 percent of the population in India, and the hope of the missionary was nearly shattered. But if one looks at mission in India qualitatively rather than quantitatively, one sees a number of positive outcomes. Missionaries in India, particularly Protestant missionaries espousing the social

gospel, in collaboration with a few British evangelical administrators, dared to challenge numerous social evils and even began to eradicate them. The scientific and liberal English education began to enlighten and transform the Indian mindset. Converts belonging to the upper caste, although small in number, laid the foundation stone of Indian theology and an inculturated church using Indian genius. The end of colonialism in India coincided with the painful death of colonial mission theology. Now, the power of the Word of God, extricated from political power, is slowly and peacefully gaining ground, like the mustard seed of the parable. A paradigm shift from the ecclesio-centric mission to missio Dei offers reason for further optimism. In short, the future of mission in India is as bright as the kingdom of God. In today's new context, theologians, despite objections from some quarters, are struggling to discover the Asian face of Jesus, disfigured by the Greco-Roman Church. And the missionary is challenged to become a living Bible that, undoubtedly, everyone will read.

Conflict, Conquest, and Conversion Eleanor Harvey Tejirian, Reeva S. Simon, 2012 *Conflict, Conquest, and Conversion* surveys two thousand years of the Christian missionary enterprise in the Middle East within the context of the region's political evolution. Its broad, rich narrative follows Christian missions as they interacted with imperial powers and as the momentum of religious change shifted from Christianity to Islam and back, adding new dimensions to the history of the region and the nature of the relationship between the Middle East and the West. Historians and political scientists increasingly recognize the importance of integrating religion into political analysis, and this volume, using long-neglected sources, uniquely advances this effort. It surveys Christian missions from the earliest days of Christianity to the present, paying particular attention to the role of Christian missions, both Protestant and Catholic, in shaping the political and economic imperialism of the nineteenth and twentieth centuries. Eleanor H. Tejirian and Reeva Spector Simon delineate the ongoing tensions between conversion and the focus on witness and good works within the missionary movement, which contributed to the development and spread of nongovernmental organizations. Through its conscientious, systematic study, this volume offers an unparalleled encounter with the social, political, and economic consequences of such trends.

The Best Kept Secret of Christian Mission John Dickson, 2010 This book comes out of years of reflection, failures, and some successes in the task of reaching out to others with the gospel. Many Christians think of the task of mission as an entirely verbal activity, when perhaps the best kept secret of New Testament teaching about mission is that it involves a whole range of activities that explicitly promote Christ to the world and draw others to him, and only a few of them involve speaking. Without diminishing or downplaying the importance of speaking the gospel, John Dickson shows that, on the other hand, downplaying the range of activities that promote Christ to the world has its own set of problems. It can make those who are not confident about speaking--of anything, let alone Jesus--feel inadequate and self-conscious in the task of reaching out to others. Equally, it can make those who do have a flair for speaking feel as though they are fulfilling Christ's mission just by talking. But the reality is that the Lord wants our whole life, not just our lips, in the task of bringing the gospel to the

world. Every facet of our lives can be used by God to promote the news of his power and mercy. In this practical guide to the biblical art of sharing your faith, John Dickson offers refreshing insight into the ways that all Christians can and should be involved in spreading the good news of Jesus. While not all Christians are called and gifted to become evangelists, we are all called to promote the gospel through a wide range of activities--prayer, financial partnership, good deeds, godly lives, public worship, daily conversation, etc.--with and without our lips. As readers engage with this book, grapple with its arguments and hear the stories of people coming to faith, they will be inspired to see the whole of life as significant for bringing the gospel to the world, and they will be liberated out of guilt and self-consciousness in evangelism into becoming perfectly natural promoters of Jesus Christ.
